AFECA Convention 2025 concluded with a clear and confident message: Asia's business events industry is entering a new chapter defined by alignment, collaboration and shared ambition. ## A Year of Milestones

**AFECA**, in partnership with the Indonesia Exhibition Companies Association (IECA) and the Indonesia Congress and Convention Association (INCCA), successfully convened the AFECA Convention 2025 in Jakarta from 5th to 7th November 2025, marking a defining milestone in the Federation's journey and commemorating AFECA's 20th Anniversary. Held at the JIExpo Convention Centre & Theatre, the Convention brought together over 300 delegates from 15 countries and regions, uniting policymakers, association leaders, venue operators, organisers, industry professionals and youth representatives from across Asia.

The gathering celebrated two decades of shared advocacy, collaboration and leadership that have positioned Asia as a powerful and increasingly influential force within the global business events landscape. It also reaffirmed AFECA's role as Asia's collective voice for the business events industry, delivering a strong message of unity, purpose and regional solidarity. Over the past twenty years, AFECA has evolved into a trusted regional platform driving professional standards, policy dialogue and cross-border cooperation.

As AFECA enters its next decade, the Jakarta edition underscored a renewed commitment to deeper regional alignment, stronger partnerships and sustainable growth across Asia's MICE ecosystem, reflecting a collective ambition to shape the future of the industry together.

As the AFECA's annual flagship event, the Convention provided a premier platform for decision makers, government agencies and industry leaders to exchange insights, develop practical solutions and co-create strategies addressing critical priorities, from digital transformation and sustainability to long-term industry resilience.

Delivered through three significant programmes, the Convention reflected the breadth and impact of AFECA's regional engagement:

- ★ **AFECA Annual General Meeting (AGM)**, reinforcing governance, collaboration and collective direction
- ★ **Asia 20 (A20) and Indonesia Business Events Forum**, advancing strategic dialogue on regional and global priorities
- ★ **10th AFECA Asia MICE Youth Challenge (AAMYC)**, marking a dual milestone as it celebrated both its 10th edition and AFECA's 20th Anniversary, underscoring the Federation's continued commitment to nurturing the next generation of MICE leaders through collaboration, creativity and competition

The 2025 edition was further distinguished by two milestone initiatives:

- ★ **AFECA Annual Awards**, recognising excellence, leadership and development across the industry
- ★ **Inaugural AFECA Hall of Leaders**, honouring pioneers whose vision and leadership have shaped Asia's MICE industry

### **AFECA, INCCA & IECA Sign Jakarta Declaration Strengthening Collaboration**

A key highlight of AFECA Convention 2025 was the signing of the Jakarta Declaration Memorandum of Understanding between AFECA, INCCA and IECA. This strategic agreement reflects a strengthened commitment to regional cooperation, with a focus on capacity building, association alignment, talent development and the advancement of business events infrastructure across Asia. The Jakarta Declaration signals a clear intent to move forward together, reinforcing Asia's readiness to respond collectively to evolving industry challenges and opportunities.

# 20th AFECA Annual General Meeting

## Strengthening MICE Across the Border

The 20th Annual General Meeting marked a defining moment in AFECA's journey, celebrating two decades of purpose driven leadership, regional collaboration and collective progress in advancing Asia's business events industry.

In his address, Dato' Vincent Lim, President of AFECA, reflected on the AFECA's evolution over the past 20 years and reaffirmed its mission to serve as a catalyst for thought leadership, industry alignment and meaningful collaboration across the region. He emphasised AFECA's continued commitment to connecting, empowering and transforming Asia's MICE ecosystem, with sustainability, inclusivity and long term impact at the core of its vision.

The meeting also featured strategic updates from AFECA's committees, which shared key developments, priorities and initiatives shaping the Federation's next phase of growth. These exchanges reinforced AFECA's holistic approach to governance, professional standards, advocacy, capacity building and member engagement, underscoring the collective effort required to strengthen Asia's position on the global business events stage.

Looking ahead, Dato' Vincent Lim highlighted AFECA's focus on building stronger regional bridges, nurturing future industry leaders and amplifying Asia's voice in global dialogue. Together with the insights shared by the committees, the AGM reaffirmed AFECA's role as a unifying force and forward looking platform, committed to shaping the future of business events through shared ambition and regional solidarity.

# Asia 20 & Indonesia Business Events Forum

## From Complexity to Clarity: Resilience . Agility . Leadership

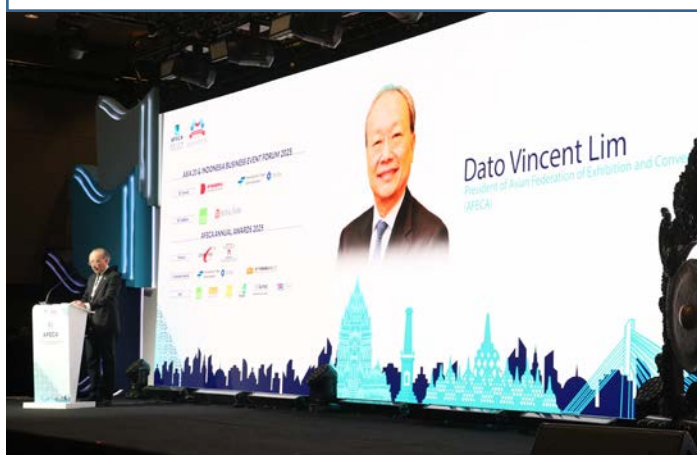

The AFECA Asia 20 & Indonesia Business Events Forum 2025 commenced with energy and purpose, uniting leaders, ideas and collaboration from across the region. The Forum highlighted Asia's business events industry as a resilient, connected, and forward-looking ecosystem.

Under the theme "From Complexity to Clarity: The A20 Vision – Resilience, Agility, Leadership," the Forum explored today's complex operating environment, including fragmented regulations, shifting geopolitical dynamics, talent shortages and intensifying global competition. Speakers underscored the need for stronger regional coordination, clearer industry frameworks, and collective action to ensure the MICE sector remains a key economic driver for Asia.
